PLEASE NOTE: This representation of Nevada's Certified Health and /or Dental plans is all inclusive, however not all plans are available in all areas of the state. Please utilize this list as a reference guide and then further narrow your research by contacting the Nevada Health Link, a broker in the health insurance field or utilize our website's rate wizard at <http://doi.nv.gov/Health-Rate-Review/> . You will then be able to match a plan to your community and age so that the Health Insurance rates can be compared by plan. The Dental rates are illustrative of dental plans in Clark county for Pediatric (age 0-20) and Adult (25 year old). The Adult PMPM (Per Member Per Month) rate may or may not vary by age, depending on the carrier's plan.
